Dear Ed, Regret you found it necessary to cut off bottom of Sauerwine's 2/26/74 response to your questions re Noyes pp 16-7 because while I am satisfied that what S. does say is truthful his formulations are so limited I find myself wondering what he was avoiding. FYI, in JFK, they did hold an immediate executive session with E.S.Butler, never disclosed; and they did do something, I don't know what and whether Eastland alone or committee after King was assassinated. Thanks but my opinion Legacy Dupuy such I believe nothing in it of which I do not have independent knowledge and recall nothing really relevant to anything in it. HW 3/7/74
I have no reason to believe they did as Noyes alleges on holding sessions.
